Guide for Applying to the PhD Program in the Warwick Centre for Predictive Modelling

To make an application please go to: www.warwick.ac.uk/go/pgapply

Application Form Course Details:
Department: School of Engineering
Course Type: Research
Course: Engineering (PhD)

In your application indicate that you apply for positions at the Warwick Centre for Predictive Modeling (or indicate that this is to the attention of Prof. N. Zabaras)

Note while the applications go to Engineering (and these particular positions are for PhD in Engineering), due to the interdisciplinary nature of the WCPM we strongly encourage applications from students in Mathematics, Computational Statistics, Physics, Computer Science, Scientific Computing and related fields.

Supporting documents required are:
• Degree certificate and transcripts
• Two academic references
• Research proposal that will help prospective supervisors understand your specific area of research interest - for help with writing this please view: http://www2.warwick.ac.uk/fac/sci/eng/study/pg/apply/proposal/

• English qualification:
  o IELTS: Overall score of 6.5 with no component less than 6.0
  o Cambridge Advanced (CAE): Overall score of 60+ (pass at grade C) - A minimum of 3 borderline and 1 weak component results
  o Cambridge Proficiency (CPE): Any pass grade - In order to verify the CPE online, applicants need to supply their "secret number". The following CPE results apply to courses in all English Bands.
  o Pearson Academic (PTE): Overall score of 62 with all components at 51+

For help with any aspect of the application process please contact Kerrie Hatton on eng-pgadmissions@warwick.ac.uk
